SHANGHAI FACES ENEMY CAPTURE

Defence Admits Possibility of Early Capitulation—Chinese Merchants of City Press for Peace

AMERICAN WARSHIPS ANCHOR IN HARBOR

Chang Claims Successes in Manchurian Onslaught—Sun Awaits Aid From His Northern Ally

SHANGHAI, Sept. 20.—There was a sharp resumption of artillery bombardment at 5 o'clock this morning in the battle area between the Shanghai-Nanking Railway and Kiating, west of here, where the Kiangsu army is vigorously attacking the Chekiang line defending Shanghai. The artillery duel lasted two hours, after which the bombardment subsided, continuing sporadically during the rest of the morning. Lungwha, headquarters of the Chekiang army, claims that the Kiangsu army is not only retreating but is making gains along the railway around Hwangshing where the Kiangsu army is reported particularly heavy. The defence of the foreign settlements of the city are being closely maintained, all strategic points along the boundary. The rush of refugees continues unchecked. The defence of the foreign settlements of the city are being closely maintained, all strategic points along the boundary. The rush of refugees continues unchecked. The defence of the foreign settlements of the city are being closely maintained, all strategic points along the boundary. The rush of refugees continues unchecked.

SHANGHAI, Sept. 20 (3:30 a.m.).—The surrender of Shanghai to the Kiangsu army was admitted this morning at the headquarters of the defenders at Lungwha to be a possibility. It was asserted, however, that, contrary to common reports, the defending Chekiang soldiers were not in retreat. The Lungwha statement, which declared Chekiang fighters were inflicting heavy losses on their opponents and capturing many prisoners belonging to Honan and Anhwei regiments, was issued after heavy artillery and machine gun fire which started about 2:30 along the whole front. The long hand of Wu Peifu and his army, which is seen in the Lungwha assertion that Honanese and men from Anhwei were fighting alongside the Kiangsu warriors. The military governor of both Honan and Anhwei owe allegiance to General Wu, who early in the conflict sanctioned the Kiangsu effort to capture Shanghai.

AUCTIONEER FACES RUM SALE CHARGE

TWO VANCOUVER MEN HELD AFTER SALVAGE AUCTION

Crown Bids Liquor From Wrecked Ship Cannot Be Resold Under British Columbia Law

VANCOUVER, Sept. 19.—Harold Matthews, auctioneer, is held on bonds for \$2,000, to appear in court charged with selling liquor, and E. E. Williams on cash bail of \$500 on a charge of illegally purchasing intoxicants as a result of the salvage auction today ordered by Capt. A. Worsnop, port warden, with authority as a Federal officer.

The charges arise out of one case of 27 bottles of Japanese liquor, known as saké, being included in a quantity of damaged freight on the steamer Sator which went ashore near Campbell River recently.

The case has brought up a number of interesting points. Some contend that in acting on the instruction of the port warden the auctioneer was a Crown employee and carrying out the laws of Canada in the matter of the disposal of the salvaged goods. Mr. Matthews declares he is satisfied the saké was legally purchased in the first instance but Provincial officials point out that liquor purchased in proper manner may not under the law be resold by any person.

The charges will be heard Saturday morning in the police court.

INQUIRY IS ORDERED INTO CHILD'S DEATH

Discovery of Multitude of Bruises on Body of Edmonton Orphanage Girl Leads to Probe

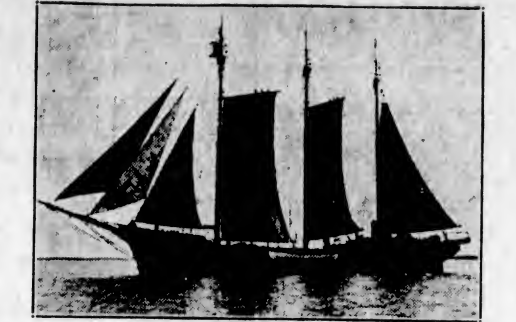

EDMONTON, Sept. 19.—The death of Hazel Stewart, an eight-year-old ward of the neglected children's department, placed last June in charge of Mrs. G. H. Rogers, of this city, is being investigated following representations made to Attorney-General by civil authorities. The girl died last Sunday, when her death was said to have been caused by a hemorrhage, resulting from a fall. The coroner decided an inquest was unnecessary, but following an investigation which is said to have disclosed that the child's body was covered with bruises, and one eye blackened, Attorney-General Brownlee was requested to order an inquiry.

The inquest opened today and after identification evidence had been taken, was adjourned until Tuesday next.

Ogilvie Mills Pay

MONTREAL, Sept. 19.—Shareholders in the Ogilvie Flour Mills, Ltd., with payment of the latest regular and extra dividend on October 1, will have a net gain in extra payments since 1903 of \$2,212,500. This figure includes payment in 1908 of a 100 per cent dividend, which was converted into new common stock.

U.S. Vessel Will Get a Surprise

THE schooner Herman, owned by H. Liebes & Company, of San Francisco, the latest vessel to undertake an expedition to Wrangel Island. The severity of the weather encountered in the waters piled by the Herman is indicated by the structure on the foremast. This is the crew's nest, and while on most vessels it is only a platform, on the Herman it is an enclosed cabin protecting the lookout from cold.

Fears Felt for Fate Of Wrangel Settlers

Arctic Colonists Possible Russian Prisoners—History of Polar Isle Marked by Years of International Bickering

WASHINGTON, Sept. 19.—Whether the party of Eskimos, led by the American, Charles Wells, of Nome, were taken prisoners when the Russian steamer, which recently visited Wrangel Island and hoisted the red flag thereon, has not yet been disclosed. The party was left in occupation of the island a year ago by Harold Nolce, when he reached the island in an effort to relieve the Allan Crawford party, all of whom, with the exception of an Eskimo woman, Ada Blackjack, perished.

NOME, Sept. 18.—No word has been received for some weeks from the United States schooner Herman, which is attempting to reach Wrangel Island to relieve the party of Eskimos and one white man left there in August, 1923, by Harold Nolce, who rescued Ada Blackjack, the sole survivor of the Allan Crawford expedition. Twice the Herman has been driven back to Nome, but each time she has set out again in a desperate effort to relieve the occupation party before the ice floes closed up, denying any chance of relief for another year.

The expedition expected to raise the Stars and Stripes on the island and take possession for the United States government.

Has Checkered Story
 The holding of the red flag of Soviet Russia on Wrangel Island adds one more chapter to the checkered history of that distant island.

Great Britain, Russia, the United States, and Canada (on behalf of the British Empire), all have claimed the island as part of their territory within the past half century. The real discoverer of Wrangel Island was Captain Kellett, of the British navy, who visited the island in 1848, although it is stated he did not go ashore there. For years it was known only as Kellett's Land. It was supposed to be the same island which was sought by Baron Wrangel, the Russian explorer, who in 1825 sailed down the Kolyma River in search of the great north land of Siberia which had been told of by natives.

In 1848 an American whaling man, Captain Long, of New Bedford, sighted the island.

TAKES ACTION ON VOTE OF CENSURE

SAANICH COUNCIL HAS FAITH IN COMMITTEES' INTEGRITY

Reeve Macneil Holds Passing of Item of \$325 for Replacing Chief Brogan's Car Irregular

The Saanich Council last night, after thoroughly discussing the vote of censure passed recently by the Saanich Central Ratepayers' Association on the finance committee of the 1923 Saanich Council for passing an item of \$325 for replacing Chief of Police Brogan's car, went on record as having no reason to doubt the integrity of the finance committee of last year. Councillor H. O. Kirkham suggested that the word "efficiency" be substituted for integrity in Councillor Simpson's motion, but this was not done.

After the council had decided early in the meeting that it wished to have this vote of censure incident "cleared up," Councillor Kirkham, who was chairman of last year's finance committee, addressed the council, and gave his explanation of the matter complained of by the Saanich Central Ratepayers' Association. He stated that the finance committee in 1923 had acted in a perfectly legal and proper manner, and suggested that this incident should be cleared up either one way or the other by the council and the ratepayers' body. He covered, in his remarks, much the same ground as he did the previous night, when he spoke on the matter at the Central Ratepayers' gathering. Councillor Robertshaw, who was a member of the 1923 finance committee, stated that the amount of \$325 for replacing Chief Brogan's car came up in the usual way, and was passed by the committee in a perfectly proper manner.

Reeve Offers His Opinion
 That he had no hesitation in stating that in his opinion the purchase of a motor car for the chief of police in 1922 and 1923 by the municipality of Saanich whereby they paid \$497 and \$225 respectively, the chief, was highly improper, especially when it is remembered that the chief receives a salary and allowances totalling \$2,700 per annum, the allowance including transportation, was the declaration of Reeve Macneil, who was a member of the 1923 council.

Reeve Macneil stated that when he appointed Councillor Kirkham as chairman of the finance committee early in this year he had some inkling of this transaction in question.

SECOND ARMS PARLEY URGED

Geneva Statesmen Decide to Recommend Second Conference at the Swiss City June 15, 1924

FIFTY NATIONS SEEK TO END ALL WARFARE

Ratification of Arbitration and Security Protocol Necessary First—Big Twelve Confident of Outcome

GENEVA, Sept. 19.—After three weeks of tense labor, success looms hopefully over Geneva tonight, crowning the efforts of representatives of fifty nations who are striving to put an end to all war through arbitration, security, and reduction of armaments. A protocol on arbitration and security has virtually been agreed upon, and so confident do leading statesmen feel it will be ratified, that the so-called "Big Twelve" of the present assembly of the League of Nations decided today to recommend the convocation of an international conference on reduction of armaments in Geneva on June 15, 1925.

The United States and all other countries not now members of the League will be invited to participate in this conference. As soon as the League's Assembly ratifies the protocol, League experts will buckle down to work preparing a programme for the conference, which must be forwarded to all governments at least two months before the time set for the opening sessions. The text of the protocol will be whipped into shape probably to be presented to the Assembly next Wednesday, allowing for two days' discussion before the full disarmament commission.

Present plans are that fifteen states must ratify the protocol before the arms conference can actually be presented. Several of these states, probably three or four of them, must have representatives on the Council of the League, but the question of their necessary ratification has not yet been definitely determined upon. The "Big Twelve," the name given the group of leaders handling the disarmament question, are proceeding on the theory that the necessary ratification will be obtained. Hence their determination to strike out boldly and fix a definite date for the arms conference, which, of course, will be postponed if the ratifications prove insufficient.

Meopotamia Treaty

GENEVA, Sept. 19.—Persia's protest that she had been excluded by Great Britain from equal privileges accorded in Mesopotamia to Americans, Europeans and Japanese was one reason why the Council of the League of Nations today postponed definite action on Great Britain's treaty with Mesopotamia. Mesopotamia was placed under the mandate of Great Britain under its severance from the Ottoman Empire, but Great Britain preferred to submit a treaty for the Council's system, the two countries under the treaty virtually entering into a military alliance, with Great Britain engaged to protect the independence of Mesopotamia within four years and favor her admission to the League of Nations if the national progress should warrant a step. The Council was asked today by Great Britain to approve the treaty, but postponed decision pending a further study of the proposal.

Named to Medical Council

OTTAWA, Sept. 19.—Dr. W. A. Thompson, Regina, and Dr. R. A. McCann, Vancouver, have been appointed members of the Medical Council of Canada for a term of four years, beginning November 26, 1924. It was announced in this week's Canada Gazette.

Playwright Criticizes Makers of Screen Drama

Mr. George Bernard Shaw Thinks American Producers Should Be Sent to Sweden to Become Civilized—Says Films Show Conceit and Lack of Common Sense—Reek With Morality, but Do Not Dare to Touch Virtue

LONDON, Sept. 19.—George Bernard Shaw has been giving vent to his feelings about the American movies. The above jerminal appears in "The Fortnightly Review."

"Conceit," he declares, in a spirit characteristic throughout the article, "is rampant among your film makers, and good sense about non-existent. We shall soon have to sit two minutes at the beginning of every reel to be told who developed it, who fixed it, who dried it, who provided the celluloid, who sold the chemicals, and who cut the author's hair. Your film people simply do not know how to behave themselves. Every American play has supplied the old-fashioned tract and Sunday school prize. It is reeking with morality, but does not dare touch virtue. And virtue, which is defiant and contemptuous of morality, even when it has no practical quarrel with it, is the life blood of high drama."

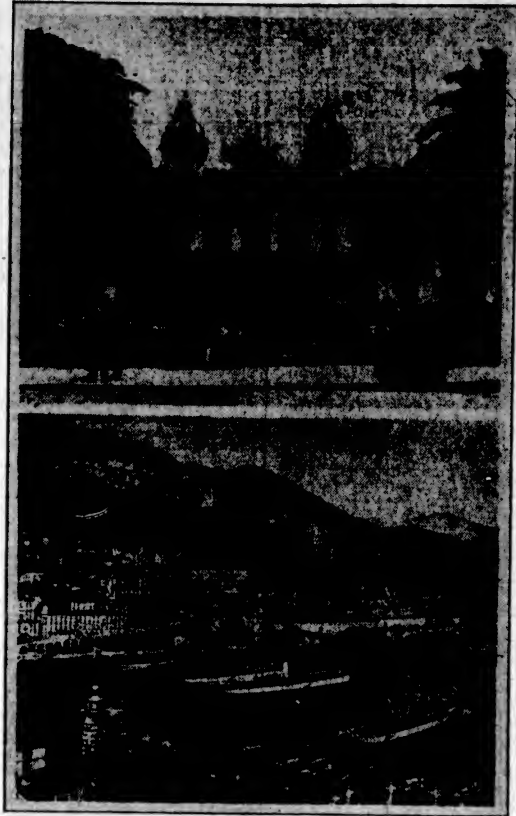

Catalogue of Sins

Here is the catalogue of American film sins:
 "Overdone and foolishly repeated strokes of expression; hideous make-up, close-up, that an angel's face would shrink at the sight of; hundreds of dollars spent spelling effects that I or any competent producer could secure quickly and easily for ten cents; impertinent lists of everybody employed in the film, from the star actresses to the press agents and office boys."

Filming of dramas results in audiences refusing to see them on the legitimate stage, Shaw declared, hence he will never be filmed. Not that Shaw would not write scenarios. Might Be Tempted
 "That," he says, "is a new art. I might be tempted to try my hand at it. But after all, if one has the gift of language, asking one to write a dumb show is rather like asking a Titan to paint portraits in black and white. Still there is one sort of dumb show that is something more than a play with the words left out, and that is a dream. If I ever do a movie show, it will have the quality of a dream. Movie plays should be invented expressly for the screen, by original, imaginative visualizers."

Regarding the subject matter of American films, he says: "The movie play has supplanted the old-fashioned tract and Sunday school prize. It is reeking with morality, but does not dare touch virtue. And virtue, which is defiant and contemptuous of morality, even when it has no practical quarrel with it, is the life blood of high drama."

Is Denied Membership in League

MONACO

THE photograph shows scenes in Monte Carlo, in the principality of Monaco, which recently applied to Geneva for membership in the League of Nations. The application was rejected on the grounds that Monaco was "too small." The principality is only eight square miles in area. For years it has been a world-famous resort where almost all forms of games of chance are tolerated. The top picture shows the renowned Casino, mecca for the "idle rich" of all countries. The lower picture gives a general view of Monte Carlo and harbor.

U.S. CONSUL HALTS EMPRESS OF CANADA

FORCED TO LAND WET CARGO BEFORE ENTERING MANILA

Consular Action Disapproved in the Philippines—Islands Held to Be Exempt From Volstead Act

MANILA, Sept. 19.—The Canadian Pacific liner, Empress of Canada, was held at Hong Kong until 3,000 cases of liquor consigned to wholesale dealers in the Philippines could be unloaded, officers of the Philippine coast guard insisting that the liquor be landed on her arrival here today.

The American Consul, the officers declared, refused to issue a health certificate or a permit to clear, while the liquor was aboard. The Consul, it was said, held the Philippines was American territory and subject to the Volstead Act. The Philippine Amendment to the Constitution of the United States.

Major Smith, of the United States Public Health Service, announced, he would protest against the Hong Kong Consul's actions. British importers here said they understood other British ports had been held up on similar rulings. The Governor-General, when advised of the facts in the case of the Canada, decided a protest would be foolish, saying the Consul seemed to be acting under an old ruling of the Attorney-General of the United States, placing the Philippines under the Volstead Act. The ruling, it was said, was overruled by the States Department, and liquor shipments to the Philippines have continued ever since.

Canadian Labor Congress Votes For Demon Rum

LONDON, Ont., Sept. 19.—With only four or five out of 200 delegates dissenting, the Dominion Trades and Labor Congress today passed a resolution favoring government control of the sale of spirituous liquors. Delegates from Quebec refrained from voting on the ground that they did not wish to try to influence dry provinces.

In this matter Delegate McLeod, of Nova Scotia, characterized the resolution as a piece of wet propaganda. While Quebec delegates refrained from voting on the resolution, some of them spoke on it. In the course of the discussion they declared that the Province of Quebec, under government control of liquor, was productive of less immorality than Ontario.

AMERICAN BIRD MEN REACH TEXAS CITY

Seven Laps Yet Remain to Be Flown Before the Texas City Race Is Made at Seattle

DALLAS, Sept. 19.—The American round-the-world fliers arrived here at 4:14 p.m. from Muskegon. Their flight of 225 miles was made against a strong wind in 3 hours and 54 minutes.

Dallas paused to welcome and greet the six intrepid army aviators who are now on the last few stages of the history-making round-the-world flight. As Lieutenant Lowell Smith, the flight commander, approached the ground, a hush went over the crowd, but when the plane had successfully alighted, a mighty cheer went up. To be renewed when Lieutenant Leigh Wade brought the Boston II to the field, and when Lieutenant Eric Nelson, the last of the three, landed.

Lieutenant Smith said tonight that the fliers would follow the right-of-way of the Texas & Pacific Railway from Dallas to El Paso. After an overnight stop, tomorrow they intend to start at 8 a.m. The contemplated itinerary of the fliers from El Paso, with a stop-over in each of the towns named, is El Paso, Texas, to Tucson, Ariz.; to Rockwell Field, San Diego, Cal.; to Clover Field, Los Angeles; to Crissy Field, San Francisco; to Eugene, Ore.; and to Seattle, Wash. On the last milestone in the journey no set schedule will be followed, but no time will be wasted, depending upon the condition of the planes, Lieutenant Smith said.

Passenger Poisons Self When Arrested On President Grant

SEATTLE, Sept. 19.—C. A. McCarthy, former prohibition agent in Florida, arrested here last night by federal authorities on his arrival aboard the President Grant on advice from Florida officials, swallowed poison after packing his clothes aboard the vessel today, and died a short time later.

Canadian Heads Engineers

CHICAGO, Sept. 19.—W. J. Fee, Toronto, was elected president of the Traveling Engineers' Association today at the close of the thirty-second annual convention here.

PRINCE ACTS FOR MOVIES

Prearranged Screening Carried Out by Men Who Have Chased the Royal Visitor for Weeks

"THIS IS HORRIBLE," HE SAYS WITH SMILE

Future King Invites Camera Men to Tell Funny Stories If They Wish to Get Laughing Action

SYOSSET, N.Y., Sept. 19.—The Prince of Wales today, on his own private lawn, cut off from the public road by several hundred yards of dense woods, with only members of his staff and half a dozen motion picture and newspaper photographers present, did a prearranged act for the movies in a manner that indicated he thought it rather good fun.

Men, who for nearly three weeks had waited by the roadside, sprinted after him in public places, and climbed upon fences and buildings to get a chance shot at the Prince with their cameras, today had him at their back and call. They told him what to do and he did it, taking their orders with a smile.

When the cameras were set up, the Prince, in a light grey checked suit and brown shoes, came gaily out of doors. With a smile and a puff of cigarette smoke, he placed himself in the hands of the photographers with, "Well, what am I supposed to do?"

He was supposed, first, to stand at an iron rail on the doorstep while the cameras gradually moved closer and closer, their operators cranking their way to a point within four feet of the Prince's face. He was supposed next to walk down the stone steps, followed by his staff, then to stand beside a sun dial fronting the house, then to step briskly into a motor car (movie fashion), turning his face toward the cameras.

And he did it all. He felt constrained to observe, "Oh, this is horrible," when the movies started, and when he glanced at his companion actors and chided them, "Don't be self-conscious," he said. "We're supposed to look natural."

Nobody told the funny story, and the Prince's staff hardly achieved perfection in easy posture, though the Prince was not a "bit stiff or constrained."

NEW YORK MEN MAY BUY P.G.E.

FINANCIERS INVESTIGATE GOVERNMENT ROAD

Believe Columbia May Make Grants If Line Bought—Plan Colonization Scheme

NEW YORK, Sept. 19.—Negotiations for the purchase of the Great Eastern line of railway in the west of British Columbia are contemplated by a group of financiers here who have been informed by the government of the province, which owns it, contemplates selling it. The men who are interesting themselves in the proposed investment are considering it on the basis that the Government of British Columbia would make concessions in the way of land grants.

These would be used as the basis of a large colonization scheme. Study of available data is being made and a representative may be dispatched at an early date to go over the road and ascertain the possibilities of development.

BRITISH NEWSPAPERS WAIT AT NAVY PLAN

Argument Against International Use of Fleet Resembles American Senate Opinion

LONDON, Sept. 19.—The British press is waiting against the proposal aimed at Geneva to have the British fleet at the service of the League of Nations when sanctions are imposed upon misbehaving nations. Everyone of the literary weeklies takes the position that the proposal is unthinkable, and Lord Parmoor, who is credited with being the father of the scheme, is criticized and laughed at by editorial writers. Oddly enough, the British now find themselves using the same arguments about Articles 10 and 16 of the League of Nations covenant that so often were heard in Washington when the Senate was making up its mind to say out of the League. Most of the journals point out that neither Lord Parmoor, nor his government, nor any other British government, has the power to place the Empire's fleet at the disposal of anyone without consulting parliament.

Fire Hazard Ends

NELSON, B.C., Sept. 19.—Generous rains and cool weather over the past two days mark the end of the recent fire hazard. A recurrence of the hazard is not anticipated this Fall. Frost would not surprise anyone.

"Popular Goods at Popular Prices"

Does the Word "Guests" Ever Make You Fearful?

Fearful because the table will not be set as completely and as correctly as you would have it? But you need not be troubled in this way! To provide all the silverware you need is easier and less expensive than you supposed. You can add to your present silverware reasonably and in as small quantities as you desire. A little at a time you can build up a table service equal to all occasions. Consult us today about prices.

Women Would Abolish School Cadet System

LONDON, Ont., Sept. 19.—Mrs. Rose Hodgson, of Dundas, was elected president of the Canadian Federation Women's Labor Movement, organized at the Canadian Trades and Labor Congress here. Election of officers completed the business of the conference.

On Saturday a delegation of members will wait on the Dominion Trades and Labor Congress with a view to obtaining recognition from that body.

The league demanded the abolition of the cadet system in schools and urged school authorities to substitute for it an up-to-date system of physical culture and courses of personal hygiene which would fit children of Canada for more healthy and a higher type of citizenship.

Judge Tells Bootlegger Mistake to Be Healthy

EDMONTON, Sept. 19.—"What are the inferences that an unemployed miner should in 25 days obtain 150 dozen bottles of beer and 17 bottles of spirits and still look healthy, but that he was obtaining it for sale," stated Magistrate Primrose in police court today before he fined William Karpyniuk \$100 and committed him to the workhouse for unlawfully keeping liquor for sale.

RED FLAG IN ARCTIC GRATIFIES MOSCOW

Russia Prepared to Lease Wrangel Island to Foreigners—May Name It Lenin Isle

MOSCOW, Sept. 19.—Soviet officials express satisfaction over the success of the expedition on armed transport Red October in planting the red flag on Wrangel Island and taking formal possession on behalf of the Soviet Republic. They believe this action will settle the status of the island, which has been in dispute more than half a century. They regard it as an important base for a wireless station and supplies in the event of war.

It now develops that Great Britain recognized Russia's right to the island in recent negotiations in London. Although the Soviet has not had an opportunity to survey and appraise the resources of the island, the Government is prepared to lease it to Americans or others for development, provided Russia is given adequate participation in revenues.

Much of Wrangel Island is barren, but other portions produce excellent furs and fish. It is situated at a certain value if an intercontinental railway between America and Asia could be built.

To survey resources

LENINGRAD, Sept. 19.—Russia is to send a scientific expedition to Wrangel Island, headed by the well-known expert, Davidoff, of the Navigation Department of the Russian Government in the Far East. The party will journey in a specially equipped vessel, remain on the island several months, during which Davidoff and his assistants will chart the coast line and interior and make a complete survey of the material resources and other features.

It is already suggested here that the island be rechristened Lenin Island, in memory of the creator of Bolshevik Russia.

HOME BANK ACCUSED TESTIFIES ON STAND

Ocean G. Smith, Former Chief Accountant of Defunct Institution, Explains Transactions

TORONTO, Sept. 19.—Ocean G. Smith, former chief accountant of the Home Bank, charged with the role of the bank's collapse, testified today in court that he was not responsible for the condition of the bank and sending them to the Government, was on the witness stand again today in his own defense and was examined at some length by his counsel, G. W. Shaver.

Smith was asked regarding John E. Kennedy, manager of the Home Bank branch of the Home Bank from May, 1915, to January, 1916, who, on the witness stand, said he was suspended by the Home Bank general manager, Colonel J. Cooper Mason, because he refused to sign a monthly balance sheet of the branch bank for December, 1915, before it was sent to the head office. Smith said he did not remember the incident, neither did he remember Kennedy discussing the matter with him.

Kennedy had stated he was suspended January 16, 1916, but Smith today said books showed Kennedy was transferred to the Church Street branch of the Home Bank in February, 1916, and resigned April of that year.

Asked as to what appropriations he had made, Smith replied he had made none. He had no authority to make any, he said.

In May, 1912, \$100,000 had been transferred from the head office to a contingent fund account to the Toronto branch, according to exhibit filed and defendant said this transfer had been properly recorded in his books.

Actual disbursements to appropriations, defendant added, were made by the general manager and entries were made as a result of the manager's decisions.

With regard to payment of \$30,000 to M. J. Haney, former president of the bank, the defendant said: "The first payment was made as I was instructed by the general manager to open an account in the general ledger under the headline of M. J. Haney, re Mercantile Securities. Colonel Mason told me these payments were to be carried as assets of the bank because they would be eventually recovered by the bank through some interest in Halifax shipyards."

BULGARIA POLITICS RESULT IN MURDERS

Assassination of Macedonian Leader Leads to Reprials—Excitement Rises Among People

SOFIA, Bulgaria, Sept. 19.—Killing of members of the opposing sections of the Macedonian party in reprisals growing out of the assassination of Todor Alexandroff is continuing.

News that leading colleagues of Alexandroff had been killed at Plovdiv, Bulgaria, arrived here while a great mourning parade in Alexandroff's memory was being held. It had such an effect that the stores and offices were hastily closed and the business life of the city was completely suspended.

Alexandroff was assassinated August 31 by two members of the Macedonian revolutionary organization of which he was head. The slaying, it is alleged, resulted from discussion in the organization over the question of making an alliance with Bolshevik political organizations.

At Tuesday's meeting there will also be made the presentation of the club's annual survey to Miss Jean Skelton, who secured the highest marks in the matriculation examinations there. General Hughes is an excellent speaker and his address promises to be of absorbing interest.

At Tuesday's meeting there will also be made the presentation of the club's annual survey to Miss Jean Skelton, who secured the highest marks in the matriculation examinations there. General Hughes is an excellent speaker and his address promises to be of absorbing interest.

Kaiser and His Former Heir Are Keen Rivals

Chateau at Doorn, Where ex-Emperor Is Exiled, Is Scene of Demonstrations Every Day—Monarchist Germans Pay Respects to Their One-Time Ruler to Curb Aspirations of Son, Who Desires to Break Away From Old Traditions

DOORN, Sept. 14.—Life at the Chateau of Doorn has become, particularly during the past few months, extremely animated. Every day, almost, sees the arrival of fine automobiles bringing princes, ex-ambassadors, former ministers and generals who had served under the old monarchist regime in Germany. Some of the visitors leave after a day or two, but others prolong their stay, residing for the time being in expensive "pensions" where they make an ostentatious display of their war decorations, and pay almost daily visits in full dress uniform to the ex-Kaiser.

The former Emperor appears to be doing everything possible to entertain and attract to himself the sympathies of all German monarchists and military circles. His consort, Hermine, who burns with the desire and hope of one day becoming Empress of Germany, seconds her husband's efforts in the most active manner, and with all the grace at her command, by holding grand receptions and entertainments.

All these activities have for their related in the best informed principal object, according to what

ters, to counteract similar ambitious projects entertained by the former Crown Prince. It is even said that the rivalry between father and son has developed recently into a state of latent warfare, pursued mercilessly on both sides.

The activity displayed since his return to Germany by the former Crown Prince in political circles, especially among the Nationalists and Monarchists and the younger generation of militarists, rumors of which reach the ex-Kaiser from Berlin, serve to render the latter furious against his son. The Prince, on his side, is said to show but little of either respect or admiration for the personages of the old regime and its time-honored traditions.

The ex-Crown Prince would seem to be desirous of breaking definitely with the ideas and personages of the past, and even to be willing to find himself, at the head of a regime purely democratic, provided that it was at the same time nationalist. The former Emperor, on the contrary, clings desperately to the ideas and personages of the past, and shows himself a bitter and unchangeable enemy to all democratic sentiments.

GOOD DOG!
The British Workman: "Hold him, Jack. What couldn't we do with that fifty millions?"

(The proposed loan of £50,000,000 to Russia by the British Government is raising intense opposition amongst all parties.)

Soviet Court Denies Appeal of Condemned Ex-Czarist Officers

MOSCOW, Sept. 19.—The Supreme Court of Appeal has denied the appeal of twenty-five former officers of the Czarist army, sentenced to death last month in the Criminal Court of the Kuban District for counter-revolutionary activities.

All these activities have for their related in the best informed principal object, according to what

The group includes Colonel Orloff and several Cossack officers. It was charged they returned to Russia last year from Constantinople and Paris on behalf of various anti-Bolshevik organizations for the purpose of organizing an uprising against the Soviet Government. They blew up railway stations, robbed people and killed a number of Communists, it is alleged.

Means of advertising the campaign so that citizens will be fully apprised of the significance of the memorial which Victoria has all too tardily decided to raise to those who made the great sacrifice in the last war, are to be taken during the next few days. Tomorrow evening at the invitation of Dr. Clem Davies, Colonel F. A. Robertson will say a few words on the subject at the regular Sunday night service at the City Temple. The memorial itself will also be on view at the Temple, so that the members of the congregation can see exactly what the citizens have chosen, through its committee, for erection on the space reserved in the Parliament Building grounds for the statue.

The campaign offices will be in the Hallway Building, Cap. A. E. Harrison having been appointed to take charge. Mr. F. B. Pemberton has been appointed treasurer of the campaign fund, and the Royal Bank as bankers.

At Tuesday's meeting there will also be made the presentation of the club's annual survey to Miss Jean Skelton, who secured the highest marks in the matriculation examinations there. General Hughes is an excellent speaker and his address promises to be of absorbing interest.

CONFIDENT OF FUTURE

Mr. J. E. Armishaw, of Sayward, Speaks Enthusiastically About District

Mr. J. E. Armishaw, secretary of the Sayward Progressive Agricultural Society, arrived in the city yesterday, enthusiastic as ever about the part of the island which he represents, and optimistic as to its future.

"We have as fine agricultural land as is to be found anywhere in the Province," he avers. Through the society of which he is secretary, extension of the Island Highway from Campbell River into Sayward has been furthered, and five miles of the road has already been opened up. Also through the same organization, the Provincial Land Settlement Board was prevailed upon to open up a settlement area which, it is already proving, is inducing more settlers to go into the district. They are doing much along the lines of publicity with a view to calling the attention of agriculturists to a part of the island which, all residents of Sayward confidently believe, is without a rival for attractiveness for farming. The first agricultural fair to be held under the auspices of the society was held just a year ago on Mr. Armishaw's farm.

Signorita Maria Speranza is the only woman who crossed Niagara gorge on a tight rope.

NAVY DESERTER FACES CHARGES

F. J. McDONALD IS ACCUSED OF STEALING

Conviction Secured of Taking Watch, Now on Trial Charged With Appropriating Bicycle

The trial, before Judge Lampman, in the County Court, of itex vs. McDonald, resulted in the conviction of the accused on the charge of stealing a watch while the charge of stealing a bicycle was not completed. One material witness in the latter case was absent from the city on holidays, which results in the adjourning of the trial until next Thursday. His Honor withheld the passing of sentence in the watch stealing until the other charge had been disposed of.

The accused in each case is Frederick J. McDonald, formerly of the R.C.N., but who deserted he admitted yesterday in court, and was arrested in Seattle a few weeks later. Some months ago McDonald figured in the Saanich courts in connection with an alleged attack upon him near the George Bridge. He was found late at night lying on the road and was taken to the Victoria City Council with the incident James Fielding, Thomas Hallam and C. W. Thompson were charged with having attacked him and were committed for trial in the police court.

Yesterday, during the progress of the trial of McDonald, three other cases were brought before the judge for election and elected speedy trial. The date for the hearing was set for October 2, at 12 noon.

The accused forwarded the plea that he never intended to steal the watch. He went to Nanaimo first after his desertion from the navy. The desertion was in consequence of the bicycle affair. He left the watch with Mr. Bald and intended to have it sent back to the owner when he discovered his name.

His Honor said that if he could accept the story of the accused entirely he would acquit him. It did not, however, hang together in all details. He felt that he was guilty and deferred sentence until the other charge was disposed of.

REQUEST CAR OWNERS TO PARK AT ANGLE

Careless Drivers Take Up Too Much Space by Leaving Their Cars "Unspotted"

Announcement was made yesterday by the Victoria Board of Police Commissioners that efforts would be made to induce all motorists to park cars on business streets, where parking is permissible, at an angle of forty-five degrees and as close together as possible. A complaint was made at the meeting of the commissioners yesterday regarding drivers who left their cars at such an angle that parking space sufficient for two more cars was blocked.

The desk sergeant's report for the month of August showed that seven motor car owners had received first warning for parking cars without rear lights burning. Four others had been warned for parking cars contrary to the parking regulations. Six first warning cards were returned to the police department.

A recommendation made by Chief Fry that the city purchasing department call for tenders for winter clothing for the patrolmen, was favorably received. The chief stated that the year's appropriation would cover the amount required.

The resignation of Constable George Walton was received and accepted, and on the recommendation of Chief Fry and Commissioner Captain Aiken, the application of Mr. P. E. Atkinson was accepted. He will be taking over the force as junior constable, his duties to commence October 1. Applications were received from several others, including one from an Irishman, fifty-one years of age, and until recently a member of the Royal Irish Constabulary. His qualifications were of the highest order, but he was over the age limit.

VICTORIA MINISTER SEES K.K.K. MEET

Rev. A. K. McMinn Sees Gathering in Southern Fair Grounds—To Tell His Congregation About It

Rev. A. K. McMinn, pastor of the First Congregational Church, will speak at the Sunday evening service on the "Ku Klux Klan" when he takes the United States recently, during his vacation. Mr. McMinn specially planned to attend a gathering of the white-robed, hooded order, and get first hand information about an organization which is playing such an important part in the religious, political and social life of the country. He was present at a large assembly of the klansmen held in a fair ground outside one of the cities, heard the speech of the grand dragon, the initiation oath while a large number of men were initiated, and made a close study of the organization of the clan and its principles and objectives.

The meeting began at 6 o'clock, but lines of cars and crowds of pedestrians were making their several ways to the grounds hours before. Mr. McMinn estimates that there were at least 30,000 people present in addition to the hooded klansmen, and not less than 4,000 automobiles parked in and around the fair ground and on the roadways, guarded by klansmen.

Mr. McMinn will tell the story of what he saw and give his estimate of the strength of the order, its power of self propagation, its permanency and its decided effect on the religious and political life of the United States. At the morning service Mr. McMinn will give the first of a series of sermons on "Great Religious Leaders." In this series Mr. McMinn will give special attention to the religious experience which operated as the dynamic of leadership, to the social and religious environment which conditioned their lives, and to the special contribution made by each leader in his own time towards a reshaping of the life of the time.

It has been found that animals in captivity suffer most from the ill-effects of civilization.

Mr. Zara reads palms, tea cups, cards, Stevenson's, Yates Street. All week.

CITY GETS CHEQUE FROM GOVERNMENT

THIRTY THOUSAND DOLLARS FROM MOTOR LICENCES

City of Vancouver Receives Largest Share of Division, Victoria Coming Second

Victoria's share of motor licence tax money collected by the Province amounts to \$30,036, according to a statement issued from the Provincial Department of Finance yesterday, and a cheque for that amount has been dispatched to the city authorities. Altogether, the Province has collected a sum which provides \$304,749 for the municipalities' share. The money sent to the Victoria City Council will be used on road work, it is understood.

As the amounts sent municipalities are based on population, the City of Vancouver will be the largest receiver, getting a total of \$60,912. Victoria is second, and South Vancouver third with \$24,819. Point Grey municipality is allotted \$15,512, and New Westminster gets \$12,422.

Of island municipalities in the neighborhood of Victoria, Saanich leads with \$8,919. Oak Bay will receive \$3,873 and the Municipality of Esquimalt \$3,490.

POLICE PROTEST AGAINST RACING

COMMISSIONERS SEND RESOLUTION TO OTTAWA

Claim Advanced That Six Weeks of Racing Is More Than the City Can Stand

Horse racing, on the scale it was carried on this year in British Columbia, came in for severe criticism from members of the Victoria Board of Police Commissioners yesterday afternoon, and a resolution was passed condemning the business and petitioning the Dominion Government to curtail its scope next season. The reason advanced in the resolution was that the many weeks of racing constituted a great detriment to the city. The resolution will be sent to the responsible minister at Ottawa.

In introducing the subject of horse racing, Commissioner Aitken characterized it as a menace to the community and suggested that instead of having six weeks of racing in Victoria and eight weeks of it in Vancouver, a week each for both cities would be sufficient. The country could not stand another season as long as the one that is just closing.

Commissioner Dr. Ernest Hall asserted that horse racing did not develop anything in the Province which was of value to the Province. He favored taking immediate action along lines laid down by various other cities in both Victoria and Vancouver. He believed one week of racing a season was plenty. "The length of the racing season this year has been a shame," said Commissioner Aitken. "I know of men who have been selling things out of their homes in order to secure funds with which to play the ponies."

FINED FOR OFFENCES AGAINST MINORS

Juvenile Cases Are Disposed of by Magistrate Jay in Police Court With Convictions

Yesterday Lorne Merkle and George Walton, who pleaded not guilty to the charges that were laid against them in connection with the supplying of liquor to minors and to other acts under the Juvenile Act, were convicted before Magistrate Jay and fined \$50 each for supplying a bottle of beer to young girls while driving in an auto they were fined \$50 each, while for the furnishing of a cigarette to one girl with whom they had evidently been joy riding, a fine of \$20 was imposed.

Of the two girls that figured in the case, one was only 16 years of age and the other was scarcely that age. In the case of one of the girls the evidence showed that Merkle had persisted in meeting her after the mother had forbidden it. In the case of Walton the mother of one of the girls testified that she had no reason to doubt but that he would not try to wrong the girl.

In the one case it was brought out that Merkle had, while the two accused and the two girls were driving along the Saanich Road, produced beer bottles and they had had drinks.

Mr. C. V. Bradshaw, who appeared for Merkle, contended that there was nothing to show that his client was intoxicated. There were different kinds of beer and all of them were not intoxicating.

Beer Is Liquor

The magistrate, however, said that under the act beer was held to be liquor.

Mr. M. B. Jackson, K.C., who represented Walton, called attention to the fact that his client was not convicted with this offence in the least, as he had simply taken a bottle that was given him.

The magistrate said that the evidence showed that the two men and the two girls were driving together. He would look upon anything that took place as a joint act. He felt a prima facie case had been made out by the prosecution.

The magistrate according fined the accused \$50 each.

The second offence which was one laid under the Juvenile Offenders Act in which it was alleged that acts had been committed calculated to induce a juvenile offence was committed by counsel representing the accused.

Cigarettes Given

In this case it was shown that a few nights later the accused had driven with the girls about the city for several hours and that one of the girls had taken cigarettes from the pocket of Walton while he was driving the car and had smoked one. She had smoked at times, but not much, she said.

Mr. Jackson felt that this was stretching the act too much, and that his client could not be declared anything but innocent in view of the fact that he had no part in the giving or offering of the cigarettes.

Mr. C. L. Harrison, for the prosecution, pointed out that the giving of cigarettes to persons of that age was an offence and the offence had been proved.

The magistrate felt that the men had been guilty of more reprehensible conduct. The matter was not so serious, but the act aimed at the protection of young people. He laid stress upon the fact that joy riding was the cause of more harm than almost anything else.

The magistrate imposed a fine of \$20 each.

REPUBLICANS CANNOT WIN, SAYS MR. BRYAN

SPOKANE, Wash., Sept. 18.—Responsibility for what he termed "La-Folletteism" was charged to the Republican Party's administration of national affairs by William Jennings Bryan in a speech here tonight.

He declared the Republicans have no thought of carrying the country and having a majority of votes. He said their only hope was in maintaining a division among the Progressives.

"My hope is to heal the division and save our nation from autocracy," he continued, and appealed to the supporters of "La-Follette" not to "weaken the force of Davis and help to elect Coolidge."

Mr. Bryan declared he considered John W. Davis as well qualified as any man who ever ran for President, and said he had opposed his nomination because he feared the legal

relationships that he had held would divert attention from the candidate.

"I have never been more interested in the triumph of the democratic ticket, even when I was on the ticket myself," he said. "My election never was as important to the nation as the election of the ticket this year."

Most Pitiful Sight in Life

Is a Man or Woman Who Has No "Will-Power" as a Result of Nerve Force Exhaustion

All the physical suffering which may be caused by nervous irritability, headaches, backache, indigestion, heart palpitations, etc., as a result of nerve force exhaustion, are nothing as compared with the awful effects upon the mind and "will-power."

The most pitiful sight in life is a man or woman who has "no will"—who has "no power" to carry them through. The "will-power" is the mental force which is the source of all our strength. It is the power which enables us to overcome all our weaknesses and to achieve all our ambitions.

In such cases, do not take more stimulants, medicines, or narcotics drugs (which only further injure your delicate nervous system), but what you need is something to get more nerve force into your nerves and more nerve force into your brain.

This is the one and only effective remedy for the loss of nerve force. It is the principal chemical constituent of the brain and nerve cells of man. It also contains strengthening organic iron for the blood and therefore is said to be both a blood and a nerve food. Millions of people are suffering from the loss of nerve force and the result is a complete breakdown of the system.

Satisfactory results are guaranteed to every purchaser of the medicine. Beware of substitutes. Look for the word "Nuxated" on every package. Sold by all druggists.

ASK THIS HALIFAX NURSE

She Is Willing to Answer Letters
From Women Asking About
Lydia E. Pinkham's Veget-
able Compound

Halifax, Nova Scotia.—"I am a ma-
ternity nurse and have recommended
Lydia E. Pinkham's Vegetable Com-
pound to many women who were
childless, also to women who need a
good tonic. I am English and my hus-
band is American, and he told me of
Lydia E. Pinkham while in England. I
would appreciate a copy of two of
your little books on women's ailments.
I have one which I keep to hand. I will
willingly answer letters from any wo-
man asking about the Vegetable Com-
pound."—Mrs. S. M. COLEMAN, 24
Union Street, Halifax, Nova Scotia.

Could Not Sleep Nights
Dublin, Ont.—"I was weak and ir-
regular, with pains and headaches, and
could not sleep nights. I learned about
Lydia E. Pinkham's Vegetable Com-
pound by reading the letters in the
newspapers and tried it because I
wanted to get better. I have got good
results from it and I feel a lot stronger
and am not troubled with such bad
headaches as I used to be and am
more regular. I am gaining in weight
all the time and I tell my friends what
kind of medicine I am taking. You
may use my letter as a help to
others."—Mrs. JAMES RACHO, Box
12, Dublin, Ontario.

NOTED LAWYER WAS ON BOARD LINER

HON. R. D. MEAGHER PASSES
THROUGH CITY

Is Only Lawyer in Empire to Be Ad-
mitted by Act of Parliament
—Is Fine Speaker

Hon. R. D. Meagher, the only law-
yer in the British Empire by Act of
Parliament, one of the most eloquent
speakers in Australia, Speaker of the
New South Wales Assembly and one-
time Lord Mayor of Sydney, passed
through the city yesterday aboard the
R.M.S. Niagara.

Mr. Meagher is en route to Cali-
fornia on account of his ill-health.
He will spend the winter there, he
said.

In speaking of development in the
city of Sydney, Mr. Meagher stated
that the port was going ahead rapidly.
Much construction work is being
done, he stated, and there is a steady
progress, which is by far better than
a boom, as it leaves no ill effect. The
great bridge across the harbor to
North Sydney has been started, he
said, and will be the largest in the
world. Two underground railways are
being made to relieve traffic pressure
in the city, and a magnificent new
theatre is being built.

A twenty-five-year feud between
Mr. Meagher and the Law Institute
of New South Wales, supported by
certain judges of the State Bench, is
the cause of his fame. After a bril-
liant career as a solicitor, he was
charged, in 1905, with the offence of
getting a guilty man released in a
celebrated crime of that generation.
Charged with conspiracy to keep cer-
tain information of guilt away from
persons whom the court said should
know, Mr. Meagher was struck off
the rolls.

After several unsuccessful attempts
to be re-admitted, he was finally suc-
ceeded in 1909, but the Law Institute,
after he had started in practice, took
the case to the High Court of Aus-
tralia, and prevented readmission. It
was during this period that he rose
rapidly in public life and eventually
became Lord Mayor of Sydney at the
same time that he held the position
of Speaker of the State Assembly.
Undoubtedly, he tried again to secure
his reinstatement, and some years ago
was readmitted to the legal profes-
sion by an Act of the State Legisla-
ture. Thus it is that he is spoken of
as the only lawyer admitted by Act
of Parliament in the British Empire.

Mr. W. W. Duncan, the first speaker
of the delegation, pointed out the
serious effect that the cessation of the
interurban lines would have on the
whole of the municipality. He said
many people had been urged in the
past to purchase land and live in
Saatch on account of the transporta-
tion facilities that were there. The
closing down of the lines, were fast
presented by a deputation of West
Saatch residents to the Saatch
Council at its meeting at Royal Oak
last night.

The great service that the B.C.
Electric Railway's interurban lines
render to the residents of Saatch and
Victoria, and the big loss that the
peninsula would suffer through the
closing down of the lines, were fast
presented by a deputation of West
Saatch residents to the Saatch
Council at its meeting at Royal Oak
last night.

That jitney competition to the B.C.
Electric Railway was hardly fair, was
Mr. R. Sluggitt's view. Jitneys were
allowed to run along roads maintained
by the people, alongside the lines of
the B.C. Electric Railway Company,
which were built and are maintained
by the said company, he observed.

Municipal Clerk Sewell informed
the Council that the B.C. Electric
Railway Company paid the sum of
\$2,800 per year in taxes to Saatch
municipality.

The deputation was informed that
its representations would receive the
consideration of the Council's special
transportation committee, which con-
sists of Reeve Macnicol and Councillors
Hagen, Oldfield and Robertson.

URGE IMPROVEMENTS TO OLD WEST ROAD

Delegation Tells Saatch Council
Road in Bad Condition—Will
Investigate Matter

A delegation waited upon the Saatch
Council at its meeting last night at
Royal Oak, urging that much-
needed improvements to the Old West
Saatch Road be made without delay.

The matter was referred to Road
Superintendent Gilling for report.

Mr. William, spokesman for the
deputation, informed the Council that
the Old West Saatch Road was in bad
condition. He stated that some work
was done on the road last spring, but
now the road in places was almost
impassable. He pointed out that for
half a mile along the road there were
more residents than were to be found
along many roads in the munici-
pality, which were in much better
condition.

Councillor Oldfield said quite a sum
had been spent last year on the Old
West Saatch Road. There had been
quite a bit of traffic on the road
while the West Saatch Road was
being paved. He thought the Council
could make the road considerably
better for the winter. The amount
of money that the Council could spend
for that purpose will be ascertained.

REV. HENRY KNOX WILL COME HERE AS PASTOR

Rev. Henry Knox, pastor of the
Prince Albert Baptist Church, has
accepted the invitation of the con-
gregation of Emmanuel Baptist
Church here to be the pastor.

Mr. Knox is a Western trained man
whose pastorate has hitherto been
on the prairies, and he has held the
pastorate of the Saskatchewan Baptist
convention.

He is a married man in the prime
of life, and will take up his appoint-
ment in the middle of next month.
The pastorate has been vacant since
the death of Rev. William Stevenson
in January.

There is said to be far more living
matter in the sea than on dry land.

Democratic Candidate Explains Tariff Ideas

GARY, Ind., Sept. 19.—John W.
Davis, Democratic presidential nom-
inee, opened his campaign in Indiana
here tonight, with an address in
which he laid particular emphasis on
labor issues. Mr. Davis said the
Democrats were not advocating "free
trade" but were demanding rates to
be so fixed as to provide for honest
competition. Without that sort of
tariff, he said, American mills could
not prosper, as they could not find a
market for their exportable surplus.

ONE-TIME CANADIAN WHEAT KING DIES

Mr. James Carruthers, Grain Mer-
chant, Succumb—Was Promi-
nent Montreal Financier

MONTREAL, Sept. 19.—James
Carruthers, grain merchant and
director of numerous financial insti-
tutions and picturesquely referred to
in past years as "Canada's wheat
king," died at 5:30 this afternoon at
Montreal General Hospital, to which
institution he had been taken earlier
in the day, following a seizure in his
office.

Mr. Carruthers, during the earlier
part of the day, had shown his cus-
tomary keen interest in business, but
after luncheon complained of being
ill and was hurried to the hospital.
A hemorrhage of the brain ensued
and death followed quickly.

He was well known from coast to
coast and in the United States and
Europe. The firm of James Car-
ruthers & Co. had been intensively
engaged at Montreal, Toronto and
Winnipeg in the grain trade for many
years, but this year Mr. Carruthers
retired and was succeeded by his
former associates with a new firm
name. He was a member of various
grain exchanges in Canada and the
United States and a director in many
grain, transportation, banking and
financial organizations. He was born
in Toronto in 1853.

C.N.R. Earnings Drop

MONTREAL, Sept. 19.—The gross
earnings of the Canadian National
Railways for the week ending Sep-
tember 14, 1924, were \$4,099,773, a
decrease of \$555,770 against the cor-
responding week of last year. The
gross earnings of the railway from
January 1 to September 14, of
this year, have been \$161,315,548, a
decrease of \$5,860,862, against the
corresponding period of 1923.

WATER BUS GIVES LONDON NEW ROAD

MANY MOTORBOATS TO TRANS-
FORM THE THAMES

Famous River Will Become Town
Avenue After Lapse of Nearly
One Hundred Years

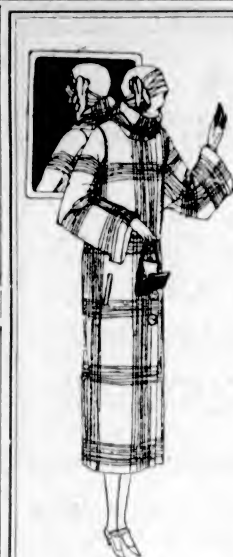

LONDON, Sept. 19.—After a lapse
of nearly 100 years, London is to see
a revival of the use of the Thames
River as a town highway. Within
the next six months fleets of vast
motor boats will be operating be-
tween Woolwich and Hammermith.
This is not the first time in the pre-
sent century such a scheme has been
thought of, in fact, there have been
four previous efforts to place passen-
ger boats on the Thames, but, owing
to the type of vessel used, the ab-
sence of landing places at con-
venient centres and other causes,
they failed.

It is expected that this service will
be in operation by Easter, and the
fare will be a penny a mile. There
will be twenty-five boats of the latest
type, each 100 feet long and capable
of carrying about 300 passengers.
They will start every fifteen minutes
from Eastern Hammermith in
Southwest London, or Woolwich in
Southeast London, places which by
the winding river are seventeen miles
or more apart.

The craft will be real luxury boats,
as they are being fitted with writing-
rooms, saloons, promenade decks
and restaurants—fully licensed,
meaning they will be nearly as wet
inside as they are out. It is estimated
that they will be capable of making
nine miles an hour against the tide.
As the draft will only be three feet
nine inches, they will be able to ply
at any state of tide, the landing places
being built out into the river far
enough to give four feet and allow
for the tide.

Between Hammermith and Wool-
wich there will be twenty-five sta-
tions, twelve of which are now ready
for use. During certain times of the
day the water omnibuses will make
non-stop runs.

It remains to be seen whether this
new highway will make any material
difference in the congested state of
the main roads in London during
business hours. Though going to and
from business by water sounds at-
tractive, the trip being especially
pleasant in the Spring and Summer
months, it is thought that when it
rains—and it usually is raining in
London—the subways and the buses
will have it all their own way.

New Coats

Of Teddy Bear Cloth
and Camel Hair

Both these cloths are enjoying
an immense vogue this Fall,
and because of this fact, we are
showing an especially wide
range of styles in these fabrics.

The coats of Teddy Bear Cloth
are shown in camel shade and
in the new pewter grey.
Charming straight line or belt-
ed effects, with convertible col-
lars. Prices

\$25.00 and \$27.50

Coats of camel hair are in
smart straight styles, with
strips of fur on cuffs, collars
and skirt hem.
Price **\$45.00**

"WHERE WOUNDED WELCOME WORK"

Announce Forty-Two Bankruptcies

OTTAWA, Sept. 19.—Notices of forty-
two bankruptcies appear in this
week's issue of The Canada Gazette.

It is said fifty million brooms are
used in the United States each year.
American women use 20 million
pounds of face powder in one year.

A Great Food-

Thousands pay tribute to the amazing results it has achieved

"My husband invented a new nickname for me: 'Frenzied
Mediator.' Constipation had become chronic. So had the per-
nicious and easy habit of taking cathartics for relief. One evening
my husband showed me the Fleischmann's advertisement, stim-
ulating me to produce two silver-wrapped yeast cakes. 'At least
this is food, not dope!'"

"To be obliging I promised to try it out. The yeast proved
slower in action than my pet drastic remedy, but I soon discovered
its superiority. In two months my internal economy was operat-
ing like a well-oiled motor. Today I am surprisingly regular, de-
spite my mother's insistence that as constipation is 'inherited in
our family,' I must expect to take medicine all my life! Two yeast
sandwiches daily keep my 'health budget' down to six cents a day."

(Mrs. Lillian B. Ramsey of Evanston, Ill.)

"I am a graduate nurse. Back
in 1911 while in charge of an op-
erating room, I was afflicted with
boils. I tried many remedies—
still boils came, and I got run
down and unable to carry on.
Finally a physician told me to
take Yeast. . . . That was twelve
years ago, and I have never had
a boil since. I have used Fleisch-
mann's for hundreds of patients
and for a number of different ail-
ments. I am glad to say that
twelve years have not dimmed
my enthusiasm for Fleischmann's
Yeast, or staled my appreciation
of what it has done for me and
for others in the course of my
professional life."

(Miss Ann Batchelder of New York)

"4 years ago found me morose and irrita-
ble, with a nervous, run-down body and
an exceptionally bad complexion. One day
while sitting at a soda fountain I read an
ad for Fleischmann's Yeast and concluded
to give it a trial. Within a week I
slept better, and everyone complimented
me on my improved appearance. Today
I am a picture of health, have a wonderful
complexion, and everyone says I look 10-
years younger."

(Miss Jane Branch of Houston, Texas)

"When I say that I used to dread the sight,
smell, or taste of food—well, it's the saddest
truth. I would come home and mother would
have the table fairly groaning with good healthy
food—yet just as sure as fate, about three hours
later a thousand demons would seem to start
fighting inside me." Then he began eating
Fleischmann's Yeast. In less than a month "my
agonies vanished. I gradually indulged in the foods
which used to have the most appalling effect,
but nothing doing—they couldn't annoy me!"

(Mr. Homer Gauthier of Beverly Road,
Brooklyn, N. Y.)

"It looked like hanging on to
the pill wagon the rest of my days.
One day while reading a story, I
ran into an advertisement of
Fleischmann's Yeast. Soon I was
eating yeast and very soon I just
automatically quit medicines. Di-
rectly my body began daily to free
itself of poisons and waste in a
very easy, natural, healthful way.
Today, thanks to Fleischmann's
Yeast, I am well, happy, and full
of pep."

(Mr. Jennie H. Byrne of Memphis,
Tenn.)

THESE remarkable reports are
typical of thousands of similar
tributes to Fleischmann's Yeast.

There is nothing mysterious about
its action. It is not a "cure-all," not
a medicine in any sense. But when
the body is choked with the poisons of
constipation—or when its vitality is
low so that skin, stomach, and
general health are affected—this
simple, natural food achieves literally
amazing results.

Concentrated in every cake of
Fleischmann's Yeast are millions of
tiny yeast-plants, alive and active.
At once they go to work—invigor-
ating the whole system, clearing the
skin, aiding digestion, strengthening
the intestinal muscles and making
them healthy and active.

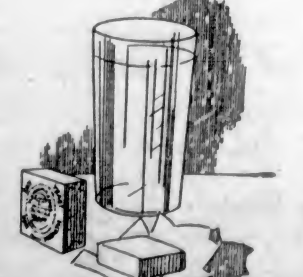

Dissolve one cake in a
glass of water
(just hot enough to drink)

—before breakfast and at bedtime.
Fleischmann's Yeast, when taken
this way, is especially effective in
overcoming or preventing consti-
pation.

Or eat 2 or 3 cakes a day—spread
on bread or crackers—dissolved in
fruit juices or milk—or eat it plain.

Fleischmann's Yeast for Health
comes only in the tinfoil package—
it cannot be purchased in tablet
form. All grocers have it. Start eat-
ing it today! You can order several
cakes at a time, for yeast will keep
fresh in a cool, dry place for two or
three days.

Write us for further information
or let us send you a free copy of our
latest booklet on Yeast for Health.

WEDDING PRESENTS

Unique and Inexpensive
At the
OAK BAY SILVERSMITHS
1223 St. James Street, Oak Bay

The storms of Lima, Peru, are front-line rump clouds at night by a series of rolling down.

City & District

Silver Tea—A silver tea with home cooking will be given by the Women's Auxiliary in St. Mark's Hall on Wednesday next from 3 to 6 p.m.

To Repair Roads—On the recommendation of Councillor Hagen, the Saanich Council last night authorized the expenditure of one thousand dollars for the repair of roads in Ward Six.

Ward V Ratepayers—A meeting of the Ward V Saanich Ratepayers will be held at Royal Oak School on Tuesday, September 23, at 8 p.m. All those interested in the transportation question as it affects this district are urged to attend.

St. John's J. W. A.—By kind permission of the Hudson's Bay Co. St. John's Junior W. A. will hold a sale of home cooking on the ground floor in the Hudson's Bay store today, commencing at 10 o'clock. Donations of home-made cooking will be very gratefully received by the superintendent (Mrs. A. Hallam) at the store this morning.

K. of C. Social—All arrangements have been completed for the afternoon social and dance which will be held in the Knights of Columbus Hall, Government Street, Tuesday, September 23. A splendid programme has been arranged, and the W. A. is carried on exclusively by women all gentlemen who attend will be their guests for that evening.

Society of St. George—The Royal Society of St. George will hold its first meeting of the season on Tuesday next, September 23, at 8 p.m. in the Campbell Building. A musical and recitative programme has been arranged by a committee of the gentlemen, who will also have charge of providing the refreshments. The members of the society will take this opportunity of welcoming home their president, Dean C. S. Quinlan, who will preside.

Friendship Club—The new Friendship Club dances for the winter season will be given at the Knights of Pythias Hall, North Park Street. These functions will be conducted under strict management, and everyone who joins the organization will be assured of a pleasant time. Invitation cards will be dispensed at the K. of P. Hall this evening. Music for the dances will be provided by Professor Hunt's aggregation of syncopators.

Make Library Offer—The Saanich Council last night decided to offer payment of \$500 per year to the Carnegie Public Library if it will issue library tickets to all in Saanich wishing the same. By the former arrangement, the council paid \$500 per year and charged the ratepayers \$1 per library card. The offer made last night was done owing to the fact that there has been a decrease of Saanich residents who avail themselves of the library service.

District W.C.T.U.—The District W.C.T.U. met in the Y.W.C.A. rooms Friday afternoon, there was a good representative gathering from each union. Much business was discussed concerning the convention which will be held in New Westminster, September 23 to 26, in Oliver Baptist Church, Rev. J. Williams, order F.M.G.B., will be the convention speaker. The five unions and the district W.C.T.U. of Victoria, will be represented at this 41st annual convention.

August Police Report—Convictions in the Victoria police court totalled sixteen during the month of August, according to the monthly report of the desk sergeant. One man was committed for trial in a higher court, and seven were discharged. One hundred and fifty-two calls were made by the police. Accidents reported to the department totalled twenty-one, and first aid was rendered in thirteen cases. Fines collected during the month amounted to \$240, of which amounts collected through breaches of the Provincial Act constituted the major amount, \$175.

Beauty in Religion—The Very Rev. C. S. Quinlan, Dean of Columbia, hopes to preach a course of four Sunday evening sermons in Christ Church Cathedral on the general subject of "Beauty in Religion." He will draw his thoughts largely from Miss Maude Royden's recently issued book, bearing on the same subject. The course will be as follows: Sunday evening, September 21, "Beauty in Religion"; Sunday evening, September 28, "The Beauty of the Bible"; Sunday evening, October 5, "The Beauty of Common Things"; Sunday evening, October 12, "The Beauty of Christ's Teachings." There will be three communion services in the cathedral tomorrow, the first at 8 a.m., another at 8 a.m., and after matins at 11 a.m.

Institute Leaves Conference
NIELSON, Sept. 19.—Nelson and District Women's Institute today voted itself out of the Kootenay District Conference, refusing to pay the per capita tax on last year's conference here. Dr. Warnock has refused to interfere. Mrs. W. Garland Foster is the president, and claims the right of the Institute to have greater voting power than the constitution allows if it is to bear the chief financial burden.

DISARMAMENT SEEN AS THE CHIEF FACTOR

Reduction of Defence Is Being
Debated; Unemployment Is
Adding to Big Problems
Now Before Parliament

LONDON, Sept. 19.—Most of the speeches now being made in Great Britain have party politics at their basis. Each day the probability increases for an early general election, and consequently the political leaders are trying to improve the chances of their parties, in the expectation of an appeal to the country, writes Arthur Draper to The New York Herald-Tribune.

This fact is worth keeping in mind when reading the various public utterances of statesmen on international questions of the day, such as the Anglo-Russian treaty, the Dawes plan, and even the disarmament and arbitration conference.

The Liberals plainly are in a dilemma. Lloyd George gave clear proof of this fact in a speech he delivered to a Welsh audience this week. He damned the Russian treaty, and prophesied that the members of Parliament who voted for it would be snowed under at the general election. Regarding the Irish boundary question, he placed the Liberals alongside of Labor, but urged that a decision in this matter be postponed.

Thus it will be seen that the Liberals face the possibility of being compelled to support the MacDonald Government one day and uniting with the Conservatives the next day to sign the war of the Labor cabinet. They do not relish the situation, but Labor intends making them do just that thing.

To the United States, of course, the question of disarmament and arbitration is much more interesting. Premier MacDonald and Herriot started the movement at Geneva for the biggest international conference since the war. In a speech at Dundee this week, Premier MacDonald emphasized the skepticism and the cynicism existing in the British world. He declared the general public must give the lead to statesmen if any real progress is to be made toward peace.

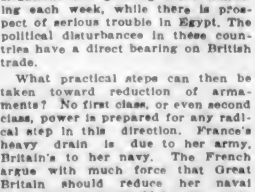

Disarmament Chief Issue
International Disarmament is bound to be an issue in the British general elections, and hence rival politicians are inclined to minimize the work Premier MacDonald is doing, but to the British people the subject of disarmament has come up both in the Canadian House of Commons and in the Imperial House of Commons. Neither the Canadian nor the Imperial government showed any disposition to renew their claim to the island. At the same time the matter was discussed in the United States Congress, the United States asserting its claim by virtue of the occupation of the island years before by Captain Long.

Russia also loudly asserted her claims to the island and for a time a bitter controversy threatened over it in which Great Britain, the United States and Russia were likely to be involved. On his return recently from Petrograd, the Russian Minister, Lieutenant-Colonel L. E. Broome, O. B. E., advanced officer of the British world, stated that in July last he had seen a Russian armed vessel on the point of starting out for Wrangel Island to claim it for the Soviet Union. It is evident that the vessel of which Colonel Broome spoke was the Red October, which has now reached the island and claimed it on behalf of Russia.

CANADIAN LADIES WINNING AT GOLF

HAMILTON, Sept. 19.—Three of four matches in the third round of the Canadian ladies' open golf championships were won by Canadian players. With the result that Miss Ada McKenzie, who won the title in 1919, will meet Mrs. Harold Hutchings, Winnipeg, and Mrs. Hope Gibson, Ontario. The fourth match, which will be played at 11 a.m. today, will be between Mrs. E. E. Ellison, Hamilton, and Miss H. E. McKinnon, who won the title in 1918. The championship flight, third round, Miss Ada McKenzie, Miss Ada McKenzie, Miss Ada McKenzie.

Does Rupert-Vancouver Flight
VANCOUVER, Sept. 19.—Lieut. Earl McLeod, of the aviation fish patrol, who left Prince Rupert at 7 o'clock this morning in a seaplane for Vancouver, landed here at 3:44 for Vancouver, landed here at 3:44 for Vancouver, landed here at 3:44 for Vancouver.

FEARS FELT FOR FATE OF WRANGLER SETTLERS

Continued from Page 1

ed the island, and having heard of Wrangel's expedition called the island after him. In 1881 several American naval vessels, searching for the lost expedition of Captain Long, reached the island and went ashore. They are alleged to have taken possession of it in the name of the United States. Long was heard of Wrangel Island for a long period of years after 1881.

Canada's Flag Is Hoisted
In 1913 Vilhjalmur Stefansson led an expedition to the Arctic backed by the Canadian government. In the Eskimo Karluk, Stefansson and two Eskimos were ashore hunting one day when the Karluk was caught in the ice and carried westward to Wrangel Island. Stefansson reached civilization safely overland, but the survivors of this expedition on the island for several months, and the American claim having lapsed through nonfulfillment of the recognized occupation duties, Stefansson, his Eskimo companions, and the Eskimo Karluk, claimed the island as British territory.

On September 16, 1921, an expedition of four white men and one Eskimo woman, financed by Stefansson and headed by Allan R. Crawford, of Toronto, landed on Wrangel Island and hoisted the Canadian flag. They were to be relieved at the end of one year. International discussions followed, and on May 13, 1923, Premier King stated that the Canadian flag was flying over the island and that "the government certainly maintains the position that Wrangel Island is a part of the property of this country."

Noise Party Too Late
In 1923 the relief expedition was unable to reach Wrangel owing to severe ice conditions, and in September, 1923, when Harold Nolce's expedition reached the lonely spot, he found that the party of four white men and one Eskimo woman, only the Eskimo woman remained alive to tell the tragic tale. Lorne Knight had died in June of scurvy, while Allan R. Crawford, leader of the expedition, and his two other companions, who had set out over the ice to reach the Siberian mainland, have never been heard of since.

Noise, on leaving Wrangel in September, 1923, left there a party of thirteen persons, one United States citizen, Charles Wells, of Nome, and nine Eskimos. They were to be relieved in one year.

Meanwhile, as a result of Stefansson's strong arguments as to the value of Wrangel Island to the British Empire as a naval base for the future, the subject of ownership has come up both in the Canadian House of Commons and in the Imperial House of Commons. Neither the Canadian nor the Imperial government showed any disposition to renew their claim to the island. At the same time the matter was discussed in the United States Congress, the United States asserting its claim by virtue of the occupation of the island years before by Captain Long.

Russia also loudly asserted her claims to the island and for a time a bitter controversy threatened over it in which Great Britain, the United States and Russia were likely to be involved. On his return recently from Petrograd, the Russian Minister, Lieutenant-Colonel L. E. Broome, O. B. E., advanced officer of the British world, stated that in July last he had seen a Russian armed vessel on the point of starting out for Wrangel Island to claim it for the Soviet Union. It is evident that the vessel of which Colonel Broome spoke was the Red October, which has now reached the island and claimed it on behalf of Russia.

At the Playhouses

COLISEUM

The management of the

Theatre announces a screen

attraction of unusual merit and interest

It is the William Fox special production

of "It Is the Law," adapted to

film form from one of Broadway's

most recent dramatic successes of the

same name. As a stage play it ran

many months in New York. "It Is

The Law" is sheer drama, with its

theme based on one of those queer

quintessences of the law that ordains that a

man cannot be tried for the same

crime twice. Besides a thousand

thrilling moments throughout the en-

actment of the drama, it has one of

the most startling and thrilling cli-

maxes ever written into any story for

screen, stage or novel.

PLAYHOUSE: Designing clothes

comes as naturally as

walking to Mae Mur-

ray, whose latest picture, "The

French Doll," is now playing at the

Playhouse Theatre. Miss Murray has

designed all her clothes for her recent

productions. The various fashions

which Miss Murray has exhibited to

the envious gaze of millions of the

fair sex are neither from the shops

of Paris or Vienna, but are original

creations of Miss Murray who draws

rough sketches of what she desires

and hands them over to expert dress-

makers to be turned into startling

gowns of brilliant design and color-

ing. "The French Doll" was adapted

by Frances Marion from the English

adaptation of the French play by A.

E. Thomas. It is a Robert Z. Leon-

ard production through Metro and is

sponsored by Tiffany Productions,

of which Mr. Leonard is director-gen-

eral and M. H. Hoffman general man-

ager.

DOMINION Allan Forrest would

rather be a leading man

for Mary Pickford than

a star in his own production. Follow-

ing the completion of the role of

"Nikky" in "Long Live the King," a

Jackie Coogan production, Jack Co-

ogan, Sr., offered to finance a battle-

contract to appear opposite the young

star. At the same time another

producing company approached Mr.

Forrest with an offer to star him in

his own production. While he was

considering these offers Miss Pick-

ford decided she would like to have

him for her leading man in "Dorothy

Vernon of Haddon Hall," now show-

ing at the Dominion Theatre. After

weighing the opportunities presented

by all three positions, he decided to

accept Miss Pickford's offer. He will

be seen in the part of Sir John Man-

ners, one of the most romantic roles

of his long career.

CAPITOL In his early youth

THEATRE: George O'Brien, the pic-

ture actor, was consid-

ered exceptionally handy with sixteen-

ounce boxing gloves. During the war,

when he served aboard a battleship

in the Pacific Fleet, his skill with the

gloves earned him quite a reputation

among the hard-hitting "gobs." He

fought some of the good ones and

never was knocked out. In port one

time he was approached by a promot-

er who offered to place him after the

big fight. But O'Brien thought better

of it and when he quit fighting sub-

marines, went to California. The re-

sult is that he is playing the lead in

the William Fox production of "The

AMUSEMENTS

The Screen

Capitol—George O'Brien in "The

Man Who Came Back."

Columbia—Hoot Gibson in "The

Sawdust Trail."

Dominion—Mary Pickford in

"Dorothy Vernon of Haddon

Hall."

Coliseum—Mimi Palmeri in "It

Is the Law."

The Stage

Playhouse—"A Trip to the High-

lands."

Royal—"Tonight's the Night."

time of The Arabian Nights, and to

the present, the scandal of platted

grass, pain, frosts, silk, and other

perishable materials covering the

common foot covering among Oriental

nations.

When the climate demanded

greater protection for the foot the

primitive race shaped a rude shoe

out of a single piece of untanned hide,

which was laced up with a thong, so

making a complete covering.

Out of the elements, sole without

upper, and upper without sole,

arose the perfect shoe, a combination

of both.

SPEED, ACTION, CRIME

AND HEROISM GALORE

IN "CYCLONE RIDER"

Speed—action—crime—hero-

ism—these are the elements of which

melodrama are made. But every au-

dience knows that, when the name

Lincoln J. Carter is flashed on the

screen as author of the script, they

are about to see super-melodrama.

"The Cyclone Rider," a William Fox

production, written by Tom Bucking-

ham, is a thrill-drama!

It is appearing at the Capitol

Theatre next week.

HERE'S A DIRECTOR

WHO TURNS ACTOR;

GIVES SELF ORDERS

Herbert Brenon both plays and

directs scenes in Thomas Meighan's

brand new Paramount picture, "The

Alaskan," produced from the absor-

bing novel of the same name by James

Oliver Curwood. And thereby hangs

a tale!

Embarked on the SS. Admiral Wat-

son, northward bound for Alaska,

the director discovered that he

required one more player to take the

role of a ship's officer.

"Play it yourself," suggested

Meighan.

Brenon borrowed a monkey jacket

from the second officer of the ship

and appeared resplendent in gold

braid and laced cap. For the first

time in many years, he actually acted

a scene for the motion picture camera.

"The Alaskan" will play at the

Dominion Theatre all next week.

PHYSICAL CULTURE

EXPERT TO SPEAK

Victorians will have an opportunity

on Monday, September 22, of hearing

one of the foremost physical cultur-

ists and psychologists in America, Dr.

F. E. Dorchester has been quoted as

the leading authority by many jour-

nals and scientists.

He will speak on new discoveries in

health and cure.

The lectures, which are free, will

last three days, and if the last time he

spoke, in Victoria is any criterion,

those desiring to hear him will have

to be on time. Dr. Dorchester is an

unique personality in his profession.

A keen student of such subjects as

psychology, physical culture, the ac-

cret of natural cure, evolution, heredi-

tary, diet and other natural science

principles, he preaches a special phi-

losophy, namely, that if we study na-

ture correctly, we find that in no case

can science really safely substitute for

nature.

Unlike many, he adheres closely to

common sense, and has a well-earned

reputation for sane practical articles

on these subjects. Amongst books he

has written are such as "Can You

Make Good?" "Man, Mind and

Energy." "Muscularity and Men-

tality." The second book was written

a couple of years ago, and an Eastern

scientist and churchman said of it,

"The man who wrote this book knows

his subject as few know it."

The lectures will be given at the

Chamber of Commerce Hall.

CAUGHT WITH WEAPON

Asuka Maru, N.Y.K. New Motorship Is Launched on Clyde

Second of New Liners Destined for Transpacific Run—Mrs. James Blair Christens Vessel as It Slips Off the Ways—Will Have Different Type Engines From Those in Atago Maru

**BOTH LINERS WILL BE
OUT HERE NEXT SPRING**

THE second of the Nippon Yusen Kaisha's new motorships being constructed in Scotland, and which will be placed on the transpacific run the early part of next year, has been launched, and received here yesterday state. Messrs. David & William Henderson Company, Limited, of Partick, Glasgow, are the builders of the second liner, which is to be named the Asuka Maru.

Atago Maru was the name given the first liner launched. This name formerly belonged to one of the pioneer ships of the company's fleet, an old side-wheeler.

The Asuka Maru is a twin screw motor vessel of 400 feet in length, 87 feet beam and 28 feet moulded depth. She is 1,100 tons gross, and has a deadweight cargo capacity of 10,000 tons.

Built to Lloyd's 100 A1 class, and also in accordance with Japanese requirements, she has two masts and an exceptionally large number of derricks and powerful electric winches, which provide ample means for the rapid handling of all classes of cargo.

Electric Auxiliaries
Electric auxiliaries are fitted throughout, including windlass, steering gear, refrigerating plant, vapor heaters and other modern equipment. Comfortable accommodation is provided for passengers.

vided amidships for officers, engineers, etc., whilst greasers are at on shelter deck, and seamen and petty officers in topgallant fore-castle.

The propelling machinery will be supplied and fitted by Messrs. Harland & Wolff, who fit out all the Royal Mail Steam Packet motorships with their engines.

Engines of the new liner will consist of two sets of Diesel engines of their well-known Burmeister & Wain Harland & Wolff type; each engine will develop a normal power of 2,800 brake horse power when running at 125 revolutions per minute.

Launching Ceremony
On leaving the ways the vessel was named Asuka Maru by Mrs. Blair, wife of Mr. James Blair, of the London office of the Nippon Yusen Kaisha. The vessel is being built under the superintendence of Messrs. A. H. Brown, McFarlane & Company, the Glasgow agents for the owners.

Messrs. Lithgow, Limited, of Glasgow, built the Atago Maru, which will be delivered to Japan very shortly and will be propelled by single acting two-cycle Diesel engines of the Sulzer type. They will have an aggregate of 4,000 brake horse power generating at a speed of some thirteen knots an hour.

The English Royal Society for the Prevention of Cruelty to Animals has raised \$20,000 to build a monument to horses killed in the war.

New Palatial Motorship Coming Here Soon

ROYAL MAIL MOTOR VESSEL AORANGI

THE Union Steamship Company's new motorship, the largest in the world, will inaugurate her first trip in

the Canadian-Australasian service, sailing from Victoria February 27. She will make her maiden voyage from England to the coast carrying a big list of passengers for Coast ports, and also for Honolulu and Antipodean ports.

DISCUSS LOGS IN VICTORIA HARBOR

INNER HARBOR ASSOCIATION
TAKES UP LOG HANDLING

In Way of Freighters Below Johnson Street Bridge—Two Lumber Sheds Are Due Soon

At a specially called meeting of the Inner Harbor Association held yesterday afternoon in the Postoffice Building, the question of the safest method of navigating and the storage of logs in the inner harbor was discussed.

Large booms of logs have been a hindrance to shipping in the inner harbor on several occasions, and the association called the meeting to discuss the best means by which to eliminate this hindrance and at the same time provide safe storage for the logs.

Nothing definite was decided, although several suggestions were made. It is expected that the matter will be settled at a subsequent meeting to be called by the president at a later date.

Vessels like the Dicto or Arkansas, which pass below the bridge to load lumber, find it difficult at times to navigate the turn in the inner harbor just before coming to the bridge owing to the booms of logs some times anchored there.

The Arkansas is due this week-end or early next week to load 200,000 ties for the United Kingdom. She is loading 2,800,000 railway sleepers in British Columbia for the United Kingdom in addition to 1,500 tons of zinc concentrates at New Westminster.

The Dicto is also due this week-end to load 400,000 ties for the Orient.

Terrible Fight Staged Aboard Abandoned Boat

Hi-Jacking in San Juan Islands Is Suspected—Vancouver Gasoline Schooner Beryl G. Picked Up Abandoned by Captain Gillis and Companion—Indications of Fierce Combat—Vessel Cleared From Victoria September 11 for Nittinat

STORIES of hi-jacking and a terrible fight were brought here yesterday from the Gulf Islands. What is believed to have been the scene of a battle between the members of her crew and a party of hi-jackers, or liquor pirates, the gasoline schooner Beryl G., of Vancouver, was found a quarter of a mile off Turn Point on Stewart Island, one of the San Juan group at daybreak yesterday.

Lighthouse Keeper Waters at Turn Point located the boat but no one was aboard when the vessel was sighted. Mr. Waters put out to the deserted schooner in a rowboat to investigate, then reported to the United States Coast Guard authority.

On boarding the ship Waters found that the anchor had been hauled over the side, but that it had not grounded. Papers and furniture were strewn about the deck and

other signs indicated that there had been a terrific fight, giving rise to the belief that she had been boarded by run pirates seeking a liquor cargo, who attacked the crew, and possibly made away with them.

Papers found on the ship indicated that it is owned by James Gillis, of Vancouver, and that she cleared from this port September 11 without cargo, and with a permit to cruise to Nittinat, on the west coast of Vancouver Island.

The place where the boat was found is in one of the wildest portions of the San Juan Islands. The shores near Turn Point are uninhabited save for a few scattered ranches. The nearest settlement is Prevost, several miles away.

The Beryl G. is a forty-seven-foot gasoline schooner, and besides the captain, Gillis, carried one other man, according to the ship's papers.

Tung or China wood oil is a very important raw material in the manufacture of varnishes.

NIAGARA HAS MANY PROMINENT PEOPLE

Eminent Doctors Returning American Visit to Australia—Liner Has 118 First Class Passengers

Many prominent passengers were aboard the Canadian-Australasian liner which docked from the Antipodes at 7:30 o'clock yesterday morning. There were 118 first class passengers and a similar number in the second saloon.

Among those prominent were: Dr. Devine, en route to the United States; Dr. J. H. Mayo, of Rochester, to visit the famous Mayo clinic and later to read a paper on gastric surgery before the congress of American College of Surgeons; Dr. H. J. Hardstaff, eminent surgeon of Detroit; Mr. J. Williams, accompanied by his wife, a merchant of Sydney, Australia, en route to England; Mr. A. W. Harper, a member of the British diplomatic service, returning to England, and may be sent from there to Vienna; Miss Madge Elliott, popular dancer and actress, who has been playing in Australia, and is on her way to London; W. G. Schwab, merchant, of Niagara Falls, Canada, returning after an extensive tour through Australia and New Zealand; Mrs. Schwab, accompanying him; W. J. Lloyd, soft goods manufacturer, of London, England, returning after a visit to Australia; and in his way to London, Canada and America, accompanied by his wife and daughter; F. G. Thomas, of the International Harvester Co., returning to Canada after visiting Australia and New Zealand; Thomas Hogan, of Norfolk, Virginia, who has been visiting Australia and is now returning to Virginia, with his wife; and Lieutenant C. P. Harper, of Honolulu, en route to the United States.

GROH PUTS KNEE OUT

NEW YORK, Sept. 19.—Haines Groh, New York Giants' third baseman, was injured when he threw out his knee sliding into second base in this afternoon's game with Chicago Cubs. He had to be carried from the field.

MIDDLEWEIGHTS DRAW

OMAHA, Sept. 18.—Ted Moore, England, and Morris Schaffer, Omaha, fighting as middleweights, fought a ten-round draw here tonight. The consensus of opinion gave Schaffer the last three rounds, Moore taking the first seven.

A Frenchman has invented a mechanical dish polisher run by an electric motor.

Mrs. Zara Rada Palma, tea cups, cards, Stevenson's Yates Street. All week.

CANADIAN GRAIN TO BE GIVEN SAME RATE

Montreal Steamship Lines Secure Assurance From Imperial Committee of Same Rate as U.S.

OTTAWA, Sept. 19.—The Montreal steamship lines, acting in conference will not in future request New York lines, members of North Atlantic Freight Conference, to quote Montreal rates on Canadian flour shipped through any United States port, according to an interim report of the Imperial Shipping Committee received here. This promise made by Montreal lines and accepted as satisfactory by Canadian millers, is the result of hearings held in this country last April by a sub-committee of the Imperial Shipping Committee under the chairmanship of Sir Halford MacKinder.

Principal British steamship lines engaged in North Atlantic trade, in view of the action of Montreal lines, have assured the committee that they will in future quote the same rates from United States ports on Canadian flour as on American flour.

was one of Fender's happiest days, however, that converted a winning draw battle into a probability of a draw.

The Surrey captain's move came at twenty minutes to six, when Yorks had half their wickets intact. Fender, in the first of his stumps, took a wicket for 4.30. Fender put on to bowl, and the change proved successful for the metropolitan side.

It was a magnificent and grim test which Yorks made to save game, but the sustained work of

three batsmen at Oxford City against Essex on the other day. F. T. Thomas scored 282 (not out). He hit twelve sixes and thirty fours.

The highest score in first class cricket this year is by a batsman, Butcliffe (Yorkshire). Other county players who have scored over the 300 mark are in the following order (Gentlemen): Lyon (Somerset) and Hobbs (Surrey).

All in Lane

All three Bryan brothers, of Kent formerly of Cambridge University are left-handed batsmen

The Surrey captain's move came at twenty minutes to six, when York- ings had half their wickets intact, and the time for drawing astounded for £20. Fender put on Sad- ington to bowl, and the change proved successful for the metropolitan county.
